

Common exchange in tie rod ends

	SIDEM	APPLICATION	N° OE
7736	Tie rod end	Opel Arena Renault Trafic I Vauxhall Arena	77 01 461 770
53234	Tie rod end	Peugeot 104, 205, 305/6/7/9 Peugeot 504/5, 604 Partner Citroen Berlingo, C15, C4 LNA, VISA Citroen Xsara, Xsara Picaso, ZX	381750

7736 & 53234 both have the same fitting dimensions and could be exchanged for one another. But when the lightest of the 2: 53234 is used in the light-truck applications: Renault Trafic I & Opel Arena, this can have the consequence of early wear.

The big differences between both are:

- 7736 has a larger ballpin $\text{Ø}25 \Leftrightarrow \text{Ø}22$ for 53234, making it more sustainable for heavy loads
- 7736 has a more firm body than the 53234, making it more suitable for light trucks with a high load capacity
