

	SIDEM	APPLICATION	OE-NR.
41410	Axial joint / inner tie rod	Nissan Almera II	Part of: 49001 BN010* 49001 BN012* 49001 BN013*

## PROBLEM

- Expensive reparation
- Difficult installation

Design as OE

## CAUSE

- Cannot be bought separately only in combination with steering rack
- No key faces on the housing and the pin

## SOLUTION

- Axial joint separately available from Sidem
- Key faces on the housing as on the pin

Sidem axial joint

## RESULT

- More economic purchase
- Easier fixation of the axial joint in the steering rack and tie rod end
